Software Engineering student focused on Web Development and Information Technology, with hands-on experience building personal and academic software projects. Proficient in HTML5, CSS3, JavaScript, Python, and Java, with practical experience using Git, GitHub, VS Code, Eclipse, responsive web design, and browser-based applications. Currently seeking an IT Internship or Junior Web Developer opportunity where I can apply my technical knowledge, gain professional experience, contribute to real-world projects, and continue developing as a software professional.

WORK EXPERIENCE

Sales Agent

Jul 2026 – Present
